1115 Medicaid Waiver Renewal –Workforce Development in IHSS

SEIU is asking the state to include IHSS provider training in the “Bridge to Reform” 1115 waiver. The 1115 waiver is primarily used as the means to enhance FFP for hospital and managed care services under Medi-Cal.

Anastasia Dotson from DHCS, Eileen Carroll from CDSS and other staff conducted a stakeholder meeting/call with CAPA, CICA, DRC, and the Consumer's Union to discuss the 1115 waiver specifically the workforce development section that includes the IHSS training component from SEIU. Janie Whiteford and I were part of the call it was interesting to hear their perspective.

Anastasia and one of her staff will be attending the February CAPA meeting to discuss this and hear from PA Directors regarding training already in place.

CAPA and DRC submitted separate letters recommending that DHCS exclude IHSS training from the final waiver. CICA signed on the CAPA letter and the Consumer's Union has sent their own letter as well.
